Specific Answers: couldn't attend; not specific enough; I used the ideas; I didn't get the info I needed; specific online details would have been helpful

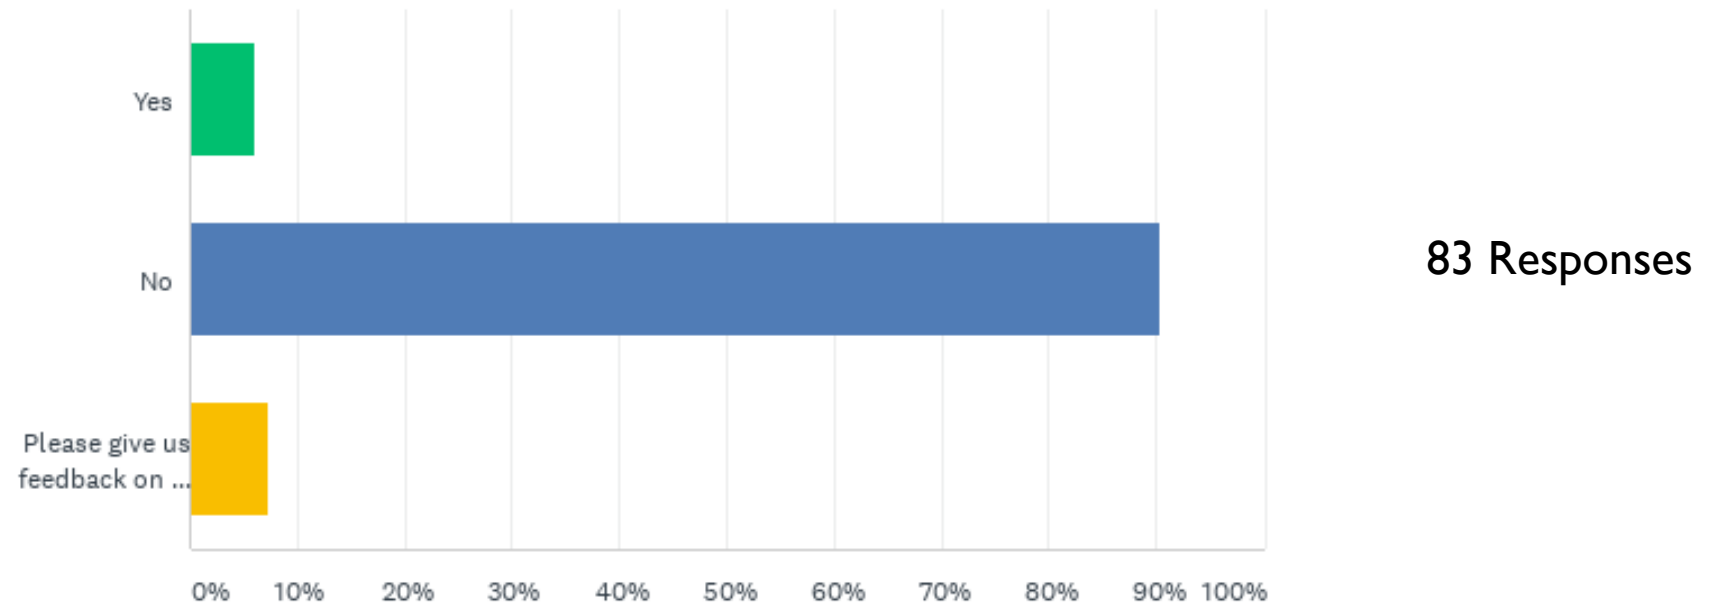

Q4 Would you like for us to continue having a webinar each month for the remainder of 2020?

82 Responses

Responses: Every two months – 3; More Information – 1; Open the Library – 1; Yes -1; DNA – 1.

Q6 Have you had any trouble signing in, viewing or hearing the webinars?

Only two people said they couldn't hear it well. The sound is not adjustable on the webinar software – just the attendee's computer so this really doesn't apply.
